“Industrial Network Communication”

Presented by Kim Zolna – Sales Engineer, Belden Industrial Solutions Group

Talking Points Include:

- Who is Belden and How can we help you?
- Relevant “Industrial” cable products, trends and learning more about current trends and standards – PLC/DCS Cabling, Industrial Ethernet, Instrumentation & Control, VFD
- Industrial Ethernet Network Design

Ms. Zolna moved to LA from San Diego about 10 years ago. Her career path includes Sales and Operations Manager at Pacific Radio (a distributor for the professional broadcast and A/V market – Belden was the #1 line), to Belden in the Datacom/Commercial Cable Division to Belden’s Industrial Team. Kim works with end users, engineering firms, contractors and distributors in all kinds of interesting markets including Oil and Gas, Transportation, City Municipalities, and Amusement Parks.

Kim’s territory covers the Southern California and Southern Nevada areas. She works with Belden’s industrial portfolio including: Belden Wire and Cable, Hirschmann Networking Solutions, Garrettcom, Lumberg Automation and Trippwire Security Solutions.
