Pay on line with PayPal or credit/debit card!

" Ground Improvement Cost Estimating"

Why such a large delta

Presented by Aaron Bishop, P.E.

Talking Points:

- How you can quickly evaluate sites for ground improvement.
- Why different jobs have different cost models.
- What you'll need to coordinate with your ground improvement contractor.

Aaron Bishop is a project engineer for WGI with over 10 years of experience in geotechnical engineering. As a professional engineer for WGI, he evaluates different ground improvement technologies during pre-construction and helps clients develop sites in the most efficient way possible by fixing bad dirt.
